COMMENT FORM

Public Scoping Meeting

We need your input. Please take a few minutes to provide your comments or questions for the USDA RUS Federal Environmental Impact Statement process and return your completed form today or mail by June 29, 2009. Your comments help in the planning and implementation of the project. **Thank you.**

Completing this form will automatically add you to our mailing list. If you prefer to not be on the

mailing list, please check the box below. I do not wish to be on the project mailing list TO ALUMN THE THE PART OF THE PROPERTY OF Which meeting did you attend? Plainview, MN Please check the following issues that are important to you for transmission line siting. Project Purpose and Need Visual / Aesthetic resources Proximity to residences X Land use (agriculture, residential, recreation) Water resources (floodplains, river crossings) Biological resources (wildlife habitat, raptors) Historic and cultural sites Noise Health and safety Other: What additional key issues should be addressed when assessing the potential impacts of this project?

Hampton - Rochester - La Crosse 345 kV Transmission Project

Your comment has been noted. Socioeconomic impacts to property values affected by the transmission line will be addressed in the Draft Environmental Impact Statement.

The Draft Environmental Impact Statement will be available on the RUS website at: http://www.usda.gov/rus/water/ees/eis.htm. Comments on the Draft Environmental Impact Statement will be solicited after its publication.
